

Halford Rob, Cyberworld

You're trapped inside my Cyber World
Consumed up as my web unfurls
No secrets left for your mankind.
My virus lurks throughout your veins
I'm spreading there inside your brain
A Trojan Horse that eats your mind.

Cyber World

Cyber World

I've got your power.

Cyber World

Cyber World

I will devour, yeah...

At speed of lies I will connect

I search and surf as I infect

Computerized catastrophe.

Your information's what I steal

I scan you till you are unreal

Transmit your power into me.

Cyber World

Cyber World

I've steal your mind.

Cyber World

Cyber World

For all mankind, yeah...

You're dying in my Cyber World

You're dying in my Cyber World
