

# Hall & Oates, Can't Help Falling In Love

Wise men say only fools rush in  
But I can't help falling in love with you  
Shall I stay?  
Would it be a sin  
If I can't help falling in love with you?

Like a river flows surely to the sea  
Darling so it goes  
Some things are meant to be

Take my hand, take my whole life too  
For I can't help falling in love with you  
Like a river flows surely to the sea  
Darling so it goes  
Some things are meant to be

Take my hand, take my whole life too  
For I can't help falling in love with you  
For I can't help falling in love with you
