

# Hall & Oates, Rockability

Music by John Oates

Lyrics by Daryl Hall, John Oates, Sara Allen

Standing on the sideline  
Waiting for the right time  
That girl knows her part  
Jammin' with my heart  
Didn't wanna be here  
But now that I see her  
I know why I ran  
& why I'm back again  
She makes me lose control  
& I do believe the girl can see into my soul  
It shakes me now  
She says she wants my love  
That's too much

Ooh that news excites me  
'Cause the girl's got Rockability  
Think she'll go all the way  
'Cause the girl's got Rockability

Ooh she's really out there  
So knocked out I don't care  
That Amazon thing can make a body sing  
Every move is startime  
She's a legend in a long line  
I want her to be everything to me  
She makes me lose control  
When she moves I wanna fall under her spell  
It breaks me down  
She knows but she won't tell  
That I'm the one

Ooh that news excites me  
The girl's got Rockability  
Think she'll go all the way  
'Cause the girl's got Rockability

Doin' wrong if I can't do her right  
Yeah I'm making my play  
Any way I can get it  
The girl's got Rock
