

# Hall & Oates, Used To Be My Girl

[O'Jays]

Good loving  
The girls got pretty good lovin'  
Ask me how I know  
And I'll tell you so.,  
She used to be my girl  
My Girl

I respect her  
When she was mine  
I used to neglect her  
She wanted more than I could give  
But as long as I live  
She'll be my girl

She used to be my girl  
She used to be my girl

She had a charming personality  
The girl was so right for me  
She's my girl

And If I had the chance  
I'd take her back  
As a matter a fact  
Right away  
Like today

Not only good-lookin  
The girl was so smart  
Can't beat her cooking  
Ask me how I know  
And I'll tell you so  
She used to be my girl

She had a charming personality  
The girl was so right for me  
She's my girl

And If I had the chance  
I'd take her back  
As a matter a fact  
Right a way  
Like today
