

# Hall Tom T, I Miss A Lot Of Trains

When the train pulls in the station you'll be waiting by the track.  
You're havin' trouble sleepin' nights you want me to come back.  
But that old train will roll on by, you'll know I never came.  
While I sleep good and miss a lot of trains.

I sleep good and I miss a lot of trains.  
That one way track to no man's love I'll never ride again.  
I used to lie awake at night callin' out your name.  
Now I sleep good and miss a lot of trains.

Your standin' in the station I can see you in my mind.  
You think that I'll forgive again, but you're so wrong this time.  
Your sleepless eyes and selfish heart are waiting there in vain.  
While I sleep good and miss a lot of trains.

I sleep good and I miss a lot of trains.  
That one way track to no man's love I'll never ride again.  
I used to lie awake at night callin' out your name.  
Now I sleep good and miss a lot of trains.
