

# Hammerfall, Hammer High

Hammer high this is a freedom cry!  
Hammer high, no one should ask me why!  
It's my life – tell me I will defy!  
Hammer high until I die!

Black clouds on the horizon  
Dread crimson skies  
The thunder within  
The sign to begin  
A tempest of fire and ice  
I keep my courage blazing  
Withhold this grounds  
Protecting the steal  
This is my deal  
The flames of thy anger and my will!

Remember the frozen tears  
Turning each second to ears  
I meltdown in paradise  
Revolution calling! Break the ice!

Hammer high this is a freedom cry!  
Hammer high, no one should ask me why!  
It's my life – tell me I will defy!  
Hammer high until I die!

The rapid fire pounding  
To the beat of my heart  
Let's make a stand  
True to till the end  
Warrior under command

I'm melting the frozen ice  
Burning the books filled with lies  
And inside the pouring rain  
Things will never ever be the same!
