

# Hammerfall, Live Life Loud

Many times this story has been told  
A legendary tale, a fable, brave and bold

Now your blood begins to boil  
Turn the crank of all the toil  
Raise your fist and yell, born again

Live Life Loud

Live Life Loud

Caught up in a maze nowhere to go  
Suppressed by powers endless deep of pain and woe

Cum on break your inner chains  
Feel the power in your veins  
Raise your fist and yell, born again

Turn the crank of all the toil  
Raise your fist and cry out loud, born again
