

Handsome Devil, Sorry Charlie

Sorry Charlie - Sorry Charlie
Hair full of cow licks out of control
His mother used Vitalis super super hold
It's true kids can be so cruel
Loogies on his coat, and Charlie never knew
He was a full-time mama's boy in second hand clothes
I heard a little schoolgirl punched him in the nose
Well that Mary just ran away
And Charlie walked home alone another day

CHORUS

I just can't believe it
These wounds are never healing
Took him to a dark place
I seen the look on his mother's face
Sorry Charlie for all your pain and your misery
But your Mother loved you
More than any other Mother could do
Sorry Charlie - Sorry Charlie

One cold day on the street where I lived
Yard work and I was muddy like a pig
I heard the laughter and turned for the scorn
Charlie with a girl, he up and threw a coin
Well I had compassion and I'd had enough
So I taught the kid a lesson cuz he wasn't very tough
In a trash can he let out a cry
His Mother took his side with fire in her eyes

CHORUS
