

Hank Snow, In The Misty Moonlight

In the misty moonlight by the flickering firelight
Any place is all right long as I'm with you
In a faraway land on the trophic sea sand
If your hand's in my hand I won't be blue

Way up on the mountain a way down in the valley
I know I'll be happy anyplace anywhere I don't care
In the misty moonlight by the flickering firelight
Any place is all right long as you are there

I could be happy in one little room with only a table and a chair
As happy as I'd be in a kingdom by the sea darling if you were there
I could be rich or I could be poor but if you were by my side
I could be anything in the whole wide world and I know I'll be satisfied
Way up on the mountain...
