

Hank Snow, Little Children (Hope Of The World)

We're living in a worried world a world that's full of fears
But there's one hopeful peace eternal I hope that it's very near
Little children are the hope of the world
So guide them day and night be sure you teach them right
You can teach them by the things you do and say
The way you live today the way you pray

Suffer the little children to come unto me
For such is the kingdom of heaven God made it plain to see
Little children are the hope of the world
Se help us teach them Lord to walk with Thee

(Suffer the little children to come unto me
Such is the kingdom of heaven God made it plain to see)
Little children are the hope of the world
Se help us teach them Lord to walk with Thee
