

Hank Thompson, Gloria

Gloria it's not Marie it's Gloria
It's not Sherrie it's Gloria she's in your every dream
You tried to play a game of kiss and run away
But now you find it's not that way somehow you've changed the scene

Wasn't Magdalene your first love it was just hello goodbye
Wasn't Caroline your last love what a shame you made her cry
Oh what a fool you are you gave your heart to Glorie
You're not so smart cause Gloria is not in love with you
[guitar + fiddle]
Wasn't Magdalene your first love...
