

# Hank Thompson, I Gotta Have My Baby Back

Baby baby I miss you so very much  
It hurts me baby I just gotta I gotta have my baby back  
Well I can't eat can't sleep because I miss my sweet baby sweet  
I just gotta yes I gotta I gotta have my baby back

Alone in a tavern people all around laughing and dancing paintin' the town  
Jukebox is playing songs about you songs with memories making me blue  
Oh baby come on home without my baby I just couldn't go on  
I just gotta yes I gotta I gotta have my baby back  
[ guitar ]  
Alone in a tavern...
