

Hank Thompson, You'll Be The One

If I'll ever fall in love with someone you'll be the one
If I'll ever feel the feeling coming you'll be the one
If I'll ever decide to hold someone and say I love you true
Well I can promise this the one I kiss will be you

If I'll ever get my heart in shape dear to love once more
Then it'll be yours to break dear like the time bofore
If I'll ever decide that heartaches and sleepless nights are fun
If I wanna get hurt by a real expert you'll be the one
[guitar - fiddle - piano]
If I'll ever get my heart in shape...
