

Hank Williams Jr., Coalition To Ban Coalitions

This is a coalition to ban coalitions I ain't a politician but I've got views
Some folks want to ban cars some want to get rid of Fender guitars
Why don't you do your thing and we do our thing too
Now they want to take my cigarettes and all my good whiskey
And these damn coalitions they're after you and me
They want to get rid of my forty fours and all the R rated films
If they only knew how much we'd all love to get rid of them
And this is a coalition to ban coalitions the views of a musician yeah I've got some
Some folks want to ban cars some want to get rid of electricguitars
Why can't everybody else leave everybody else alone
Now the latest thing they want to stomp out is violence on TV
And the worst of all is that Oscar winning rabbit Bugs Bunny
Farewell Foghorn Leghorn so long Yosemite Sam
They're missin' with our heroes and we got to stop them now
And this is a coalition to ban coalitions...
