

# Hank Williams Jr., Coalition To Ban Coalitions

This is a coalition to ban coalitions I ain't a politician but I've got views  
Some folks want to ban cars some want to get rid of Fender guitars  
Why don't you do your thing and we do our thing too  
Now they want to take my cigarettes and all my good whiskey  
And these damn coalitions they're after you and me  
They want to get rid of my forty fours and all the R rated films  
If they only knew how much we'd all love to get rid of them  
And this is a coalition to ban coalitions the views of a musician yeah I've got some  
Some folks want to ban cars some want to get rid of electricguitars  
Why can't everybody else leave everybody else alone  
Now the latest thing they want to stomp out is violence on TV  
And the worst of all is that Oscar winning rabbit Bugs Bunny  
Farewell Foghorn Leghorn so long Yosemite Sam  
They're missin' with our heroes and we got to stop them now  
And this is a coalition to ban coalitions...
