

Hank Williams Jr., My Sweet Love Ain't Around

Listen to the rain a falling can't you hear that lonesome sound
Oh my poor old heart is breaking cause my sweet love ain't around
[piano - guitar]
Lord I think I'll start to ramble got to leave this weary town
This old place is way to lonely cause my sweet love ain't around
[harmonica - steel]
On that train tonight I'm leaving and don't ask me where I'm bound
I can't stay here any longer cause my sweet love ain't around
