

Hank Williams Sr., Cock Rock Song

Rockin' through another day of feelin' so fine
I got another piece of love and now I'm doin' white

Who's that girl that's trying to go to see my favorite show
Rock it with some homies maybe score a little blow

Don't you wanna rock me baby, need another line
Don't you wanna suck my dick and make me feel so fine
Don't you wanna f**k me baby when I'm in your town
Don't you wanna do it baby, 'till the sun goes down

Doing what I do - I do, I like it with my boys
My drinkin', druggin', ladies always like to use the toys
We stop off on the eastside at another liquor store
I rock it to the strip club where my homey works the door

Don't you wanna rock me baby, need another line
Don't you wanna suck my dick and make me feel so fine
Don't you wanna f**k me baby when I'm in your town
Don't you wanna do it baby, 'till the sun goes down
