

Hanna Pakarinen, Out Of Tears

Here I am
I feel so cold
In this storm of sorrow
Siberian winter occupies my soul
I've made up my mind
Everything's said
I'm heading off tomorrow
The spell is broken yeah - He's got to go
You crushed my heart
So don't bother trying to hurt me anymore
I'm out of tears
I just can't cry no more
I'm out of tears
With this desolated heart - I'd rather be alone
I'm out of tears
No turning back
Got to hold on
I'm armed with a bow and arrow
the memory of you
could make me weak
You crushed my heart
So don't bother trying to hurt me anymore
I'm out of tears
I just can't cry no more
I'm out of tears
With this desolated heart - I'd rather be alone
I'm out of tears
So you linger in defeat
You can't hold me down, no no
I'm out of tears
I just can't cry no more
I'm out of tears
With this desolated heart - I'd rather be alone
I'm out of tears
I just can't cry no more
I'm out of tears
With this desolated heart - I'd rather be alone
I'm out of tears
