

Hanni El Khatib, Satin Black (ft. Freddie Gibbs)

Welcome to the terror dome,
California love in '95 stuck in de desert, number 11
Got a million ways to get my cedar on
And when I'm locked up in three hots and they cop my spots, then they love the song
Hunned push ups, hunned sit ups, every day I get up
I hit the street in need I get breakfast without whip up
I'm running from police and they constantly tryina get up..
