

# Hansen Rebecca, With Your Love

(Rebecca Hansen, Lyrics/Ric Flauding Music)

Back round vocals arranged by:

Rebecca, Rick and Alfie Silas (you go girl)!!

Like a wave without a sea

Is what life has been for me

Like a child without a home

I was feeling so alone

Then you came along and held me so closely

Said the words that I need

And I knew inside I would never be lonely

With your love

Everyday I look at you

I can see the good in me

All the ways that I have changed

Now my future I can see

Now I wanna give my love to you freely

Every breath that I take

And I want to live with you here beside me

With your Love, with your love

Now I wanna give my love to you freely

Every breath that I take

And I want to live with you here beside me

With your love, with your love
