

# Hanson Brothers, Nobodys Angel

You smile a lot it makes me wonder what you're thinking of  
Cause baby you're always on my mind and right now I want you with me here  
by my side,  
With me until the end of time.

I just can't help myself from falling in love with you, love love with you.  
It doesn't matter what you say or what you do.  
No matter what you say no matter what you do.  
Just give me a chance and I know I'll make you understand why  
I just can't help myself from falling in love with you.

Don't know if I should tell the world just how I'm feeling yet  
Cause I wanna be sure you feel the same.  
The more that I think about it you need to know  
there's no other way no no.

I just can't help myself from falling in love with you, love love with you.  
It doesn't matter what you say or what you do.  
No matter what you say no matter what you do.  
Just give me a chance and I know I'll make you understand why  
I just can't help myself from falling in love with you.

You must have been sent from heaven above  
You're everything I've ever dreamed of, too good to be true  
No I don't think so.  
Baby no lala la lalala la la la lalalalala la la.

Just give me a chance and I know I'll make you understand why  
I just can't help myself from falling in love with you.  
I think I've fallen in love.  
I just can't help myself falling in love with you love love with you.  
It doesn't matter what you say or what you do  
No matter what you say no matter what you do  
Just give me a chance and I know I'll make you understand.  
Why I just can't help myself from falling in love with you.  
Now I know it's love, it's gonna be love I think I'm falling in love,  
I think I'm falling in love, lo lo love I think I'm falling in love.
