

Hanzel Und Gretyl, Deathschl

Creature, bestial scum
Bastard, the devil has come
Maggot, despicable swine
My kingdom come, your death all mine!

Toxic venomous slime
Your torture is all mine
Bloodless spineless beast
Your guts run cold onto my feet

Twisted, demonic beast
The blitzkrieg has come to this
The planets are all aligned
No mercy left for the divine

Deathschlger

Venom of Saturn
The blood in the sky

Deathschlger

Uranus is burning
Your death all mine

Deathschlger

Poison the galaxies
Destruction is mine to see
This endless misery
I slice your fucken trinity!

Deathschlger
