

Happy Head, Back Of My Cab (1:39)

(Carl L. Marsh)

kevin the coma he was a smart one
but even so there were things
he didn't understand
peter the powerdrain
he's been around again
looks kind of sickly
from breathing the fumes
maybe on second thoughts
he doesn't understand too
kevin and peter peter and paul
matthew mark luke and john
i've had 'em all
in the back of my cab there's room
for everybody
i've had 'em all
in the back of my cab
