

Harbourlight, In Your Eyes

I be still tonight
And witness the story the stars shine
Of the One who reigns
And the glory of Your name
And how great the love You gave
And give today

In Your eyes fire burns
In Your eyes the love that yearns
For us, pours out on us
Redemption for broken lives
In Your eyes the sinner free
In Your eyes eternity
In the love poured out on us
In the hands that hold onto us

I come to the cross where mercy restores souls once lost
And I'll be set free in the fire burning

In Your eyes calm in storm
In Your eyes hope restored
In the love poured out on us
Forgiveness for wandering lives
In Your eyes the sinner free
In Your eyes love burns for me
I am Yours, I am Yours
You are mine
