

Hard-Fi, The King

In this town
I used to be the King here
Now I don't need a thing here
Where did it all go wrong?
Look around
No one knows my face here
Feel so out of place here
Where did it all go wrong?
I see your name
And I wonder where you are now
I hope you're doing fine now
I hope that you found love
I hope you found love
Oooh oooh
I hope that you found love
Oooh oooh
I've been thinking longer
Every waking hour
Staring at the wall
Trying to find the nerve to call
Catch your photo and I wonder
Are you still on this number
But in my heart I know
You changed that number long ago
Once I was the King
Said goodbye
You begged me not to leave you
I didn't want to leave you
But you know I had to go
I said look for me
Whisper sunshines on the street
Well me, I'm glad I got to meet you
But I never made it home
I turn around
Head on over to your house yeah
Just in case you might still be there
But now they've pulled it down
Now they've pulled it down
Oooh oooh
I hope that you found love
Wonder what you're doing now
I hope that you found love
Wonder what you're doing now
I hope that you found love
Oooh oooh
I've been thinking longer
Every waking hour
Staring at the wall
Trying to find the nerve to call
Catch your photo and I wonder
Are you still on this number
But in my heart I know
You changed that number long ago
