

Hard Rain, Rage On

The game is up, you've had your fun
You've made a fool of everyone
You don't see no retribution
And believe you can always run for cover
Tell me the truth, do you really give a damn, baby?

I see thunder in your eyes betray you
And I wonder who'll be left to save you

All you want to do is rage on
You don't know what you're fighting for
You've done it all and more - rage on
You don't know what you're fighting for
Don't come back knocking at my door

Your time has come and there's no doubt
There's nothing left to shout about
Your heart breaks, that's no illusion
You won't take just a minute to recover
Now tell me the truth, do you really give a damn, baby?

I see thunder in your eyes betray you
And I wonder who'll be left to save you

All you want to do is rage on
You don't know what you're fighting for
You've done it all and more - rage on
You don't know what you're fighting for
Don't come back knocking at my door
