

# Hardcore Superstar, So Deep Inside

Crank up your toolbox and step right in  
It's your own damn life you live in sin  
The bet is on, your life's at stake  
The things inside plays your mind

Easy come and easy go you know  
So deep inside never ever free in mind  
So deep inside no one here gets out alive

Claustrophobic incest, low down on crack  
You've got the jack of hearts, so play your card  
Dancing with Mr. D you and me  
Pleasure spiked with pain, even more and again

Easy come and easy go you know  
So deep inside never ever free in mind  
So deep inside no one here gets out alive
