

# Harem Scarem, Jealousy

How could you be so cruel  
Is how the conversation starts  
You say I'm breaking all the rules  
Not to mention your heart

You say I promised you my love  
Well, I got no reason to lie  
Cause I forsee a change  
And there's no mistake  
If you wanna know the reason why

It's your jealousy  
And I don't understand it at all  
You've redefined jealousy  
And wear it out on your sleeve not your heart  
Now, I've got nothing left to say  
You know I don't want no part  
Of a mind that's so twisted  
And views a million miles apart

You say I promised you my love  
Should I give it one more try  
I still forsee a change  
There's no mistake  
If you wanna know the reason why
