

# Harry Connick Jr., Love Me Some You

The sky's blowin' on me  
Pourin' water on my head  
He ain't stoppin' soon  
Black children hidin' me from light  
White ones tryin' to kill me  
So kill me  
I love me some you

Can't seem to get my step  
Walkin' in someone else's shoes  
Too big for my feet  
Just as soon wear none at all  
Might cut my skin on the concrete  
Cut me  
I love me some you

I can make it through the night  
But can I make it to the night

Somethin' ain't right with me  
Can't figure what it is  
Justify my way  
My one side messin' with my head  
My other side tryin' to leave me  
Don't leave me  
I love me some you
