

# Hate, Convocation

Released Hatred reigns again  
In the name of eternal evil  
The day of convocation  
Fulfills the prophecy of destruction  
Absorption of light  
Thorough human end

Shadow of the cross spilled blood  
Putrifying bodies desperate cry  
Monstrous pain ferocious orgy  
Burning carnage suffocated light

An offering for the obsessed lord  
His majesty desires blood  
Black haze takes away breath  
Every face is a face of death

Rest of hope will be burnt  
Then i will fulfill what i had been taught

Darkness is my light  
My call is destruction of good  
There is no mercy for joshua's sons  
Every second means death of millions  
The stigma I beare tells me to hate the person of god

Convocation-the evil force is summoned  
Mutilation-peoples thoughts and bodies  
Extermination-all tho believe in holy trinity  
Restoration-an absolte master's reign
