

Hatesphere, Down For Good

beware for lust
can't you see it brings misery?
start chasing your dreams
get a life
ain't that what you want?
you better believe it
you thought about quitting all
just waiting to take the fall
who would you blame for leaving this earth?
when you've felt like this since your birth
losing your self-esteem
waiting for life just to end
your living is too extreme
you thought about quitting all
just waiting to take the fall
somebody told you you were useless
that's where your own world drown
no one knows who you are
now just stay down for good
you've tried to hide your best
it sucked, so fuck the rest
it made no sense to me
why is it that you can't see
you wanted to be alone
you wanted to be left alone
take your life
there's no point in waiting
take your life
just get the job done
you're so low
