

# Hatfield & The North, Didn't Matter Anyway

It didn't matter anyway  
We'll meet again some other day  
Till then keep well  
You'll be in my dreams  
Goodnight, goodbye, bye for now...

The time has come to leave you  
Please don't feel alone  
For now that we've met  
There'll be a way to reach you and say "Never mind...";

It didn't matter anyway  
We'll meet again some other day  
Till then keep well  
You'll be in my dreams  
Goodnight, goodbye, bye for now...
