

# Haven, Let It Live

Can you be part of something  
without thought for self or mind  
you're still soul searching for the right lines  
need no excuse to wonder  
cos it's more then you can take  
you stay true, but no ones gonna pull you out  
let it live  
let it live  
let it breath, life today  
can you be part of something  
even though you're still unsure  
you stay true, but no ones gonna pull you out  
let it live  
let it live  
let it breath, life today  
let it live  
let it live  
let it breath, life today  
life today  
let it live  
let it live  
let it breath, life today  
let it live  
let it live  
let it breath, life today  
life today  
life today  
life today
