

Hawkwind, Upside Down

When I stand upside down
Can't get a thing together and I don't know why
Oh dear you look so good
Don't you think it's heaven like you knew you would
Oh dear what shall I do
???????????? reason and it's up to you
I stand upside down
Can't get a thing together and I don't know why

You know you look so fine
Can't get a thing together and I don't know why
I stand upside down
Can't get a thing together and I don't know why
Oh dear what shall I do?
???????? reason and it's up to you
I stand upside down
Can't get a thing together and I don't know why
