

Hayden Panettiere, Your New Girlfriend

So many crazy memories of you and me
Like the time we drove to the O. C.
Got so lost we thought we would never get home
You know the night when I gave my heart to you
And you swore that you felt the same too
You said that you would never, ever leave me alone

Out of nowhere you were gone
Into in someone else's arms
Should've known that she was more than just a friend
All the things I never knew
But I always trusted you
Never thought that she would wind up in the end
Your new girlfriend
Your new girlfriend

I believe what goes around comes around
So stay out of the deep end or you'll both drown
Even shallow water is over her head
You broke my heart but hey baby life goes on
Everything happens for a reason
I can see for me there's something better a head

Out of nowhere you were gone
Into in someone else's arms
Should've known that she was more than just a friend
All the things I never knew
But I always trusted you
Never thought that she would wind up in the end
Your new girlfriend

I don't know what I was thinking
To let us get this far
Cause now that I see who you really are
You can have your new girlfriend

Out of nowhere you were gone
Into in someone else's arms
Should've known that she was more than just a friend
Deep inside I think I knew
But I always trusted you
Never thought that she would wind up in the end
Your new girlfriend

Oh, oh ah your new girlfriend
Oh, oh ah your new girlfriend
Oh, oh ah your new girlfriend
Oh, oh ah your new girlfriend
Oh, oh ah your new girlfriend
Oh, oh ah your new girlfriend
Oh, oh ah your new girlfriend
