

Hayley Westenra, Who Painted The Moon Black?

Did you see the shiny moon?
Turned into a black balloon
Just as you walked away from me

Did you see how hard I've tried?
Not to show the pain inside
Just as you walked away from me

Who painted the moon black?
Just when you passed your love back
Who painted the moon black?
Oh won't you, won't you come back?

It must have been the darkest night
Not even a star in sight
Just as you walked away from me, now

Who painted the moon black?
Just when you passed your love back
Who painted the moon black?
Oh won't you, won't you come back?

Who painted the moon black?
Just when you passed your love back
Who painted the moon black?
Oh won't you, won't you come back?
Who painted the moon?

Da da da...

Did you see the shiny moon?
Turned into a black balloon
Just as you walked away from me
