Here's the story for the jokers who  
Can't face the fact that the truth's the truth  
Well I knew a cat named Felix  
And if it wasn't nailed down and he saw it he would steal it  
One night with a knife  
He robbed the joint and lost his life  
And Felix couldn't wait  
To choose the wrong and meet his fate, well

I don't really know what somebody said  
But truth and consequences can mess with your head  
I don't know  
Is it true?  
I'll leave it up to you  
Listen listen listen, do you understand the consequence  
Listen listen listen, do you understand the truth  
I don't imagine that you do  
I don't imagine that you do

And you get what you give  
I'm brief with you so live and let live  
Don't question everything  
Everything's not there for the questioning  
And sometimes stuck is stuck  
Fate is fate, and luck is luck  
And Felix learned quick  
The path of which and where to stick right

I don't really know what somebody said  
But truth and consequences can mess with your head  
I don't know  
Is it true?  
I'll leave it up to you

Listen listen listen, do you understand the consequence  
Listen listen listen, do you understand the truth  
I don't imagine that you do  
I don't imagine that you do

Nah-na nah-na nah-na na
