

Headlights, Cherry Tulips

I can't sleep, in the silence, broken
Pitch black in my room I need some
Lights on, some distraction, so I won't move.

[Chorus:]

And in the middle of the night
when I have, drifted off in sleep
I see a thousand cherry tulips lined up
All on my street.

[Refrain:]

I want the sea... (all lined up into me)
I want the whole sea (an endless cherry street)
for you and me... (a crimson color tree)
for you and me... (all just for you and me)].

[Chorus]

[Break]

[Refrain (x 2)], me
