Abandon - I feel so much
I'm empty - It's a hole right through me
Like dirt - I'm treated by you
I'm asking - for just one chance
But no - my life has another way
I just hope - it won't be like this

I've never felt like this
I want to go away - to the unreal (Repeat 2 X)

Betrayed - I believed in empty words
I'm thirsty - I wish someone cared
Like garbage - you throw me away
I'm begging - my pride is gone since long
OH please - let me out from this cage
I just wish - you shouldnt be like me

I've never felt like this
I want to go away - to the unreal (Repeat 2 X)

I want to go away - to the unreal
where my life would be so real
I want to go away (go away)

Rejected - when I needed you most
I'm sleepy - I have no strength
Like air - need me, but don't care
i'm drowning - my thoughts are gone
so perhaps - we can find a start
I just pray - that we werent apart

I've never felt like this
I want to go away - to the unreal (Repeat 2 X)

I want to go away - to the unreal
where my life would be so real
I want to go away

I want to go away - to the unreal (Repeat 6 x)

I want to go away - to the unreal
where my life would be so real
I want to go away (go away)

I want to go away
And forget what's real
I want to go away (go away)
But it's so hard
when you're unreal
I want to go away (go away)

I want to go away - to the unreal
where my life would be so real
I want to go away (go away)
