I cant let go
It's like the air I breathe
I cant say no
'Cause what you speak is true

You must know
I'm a part of what you have done
I never will, give up and watch you go
My heart stand still
'cause I will miss you so
You must know
I'm a part of what you have done

It's up to you now
I've done it all your way
but I will never know
'cause it's too late to say

It's up to you now
I've done it all your way
but I will never know
'cause it's too late to say

It's your call now leave it be or break it all
You cant say no new, it has gone too far
you have my heart alone
and I trust you to keep it whole

It's up to you now
I've done it all your way
but I will never know
'cause it's too late to say

It's up to you now
I've done it all your way
but I will never know
'cause it's too late to say
