

# Headstone Epitaph, Over The Rainbow

[The meaning is close to 'The Game': help yourself.]

When you're in trouble  
And when you feel pain  
You hear it over  
And over again  
That demon inside you  
He tries to persuade  
It's such a tragedy  
When it's too late

Over the rainbow  
Far beyond the clouds  
There's always something  
But you can't reach out

It's sometimes hard for you  
To overcome  
You feel so much better  
After it's done  
Don't be so lazy  
And don't be a fool  
You are so stubborn,  
As stubborn as a mule

Over the rainbow  
Far beyond the clouds  
There's always something  
But you can't reach out  
Follow the fire,  
Hold on to your dreams  
And with desire  
You will find the means

Over the rainbow  
Far beyond the clouds  
There's always something  
But you can't reach out  
Follow the fire,  
Hold on to your dreams  
And with desire  
You will find the means
