## Heart, Anything's Possible

There are times in your life
They take you by surprise
You and I - I know we can talk about it
You're important to me,
Like the air that I breath
You and me - I know we can talk about it

When my conscience comes undone I unfold and morning comes I know you're my friend Hold on and transcend I know anything is possible I don't ask for much Just show who you are I'll know anything is possible

There's a shadow of doubt
Turning you inside out
What you reveal can make you so strong
Tell me where is the proof?
Does it lie in the truth?
I believe we can be anyone

When my conscience comes undone I awake and morning comes I know you're my friend Hold on and transcend I know anything is possible I don't ask for much Just show who you are I'll know anything is possible

I wanna know all about you I wanna know all about you I wanna know you

I wanna know all about you I wanna know all about you I wanna feel you

I know you're my friend Hold on and transcend I know anything is possible I don't ask for much Just show who you are Then I'll know anything is possible
