## Heart, Call Of The Wild

After midnight I call you Even though I know better I just got to The moon is full My heart is hot and you know what I'm longing to do With this aching I got

The call of the wild Oh baby, can't you hear me calling Oooh... The call of the wild the call of the wild

How can you ask me why I'm pushing when you know damn well what you do What you do to a woman I get so inspired, lying so close It's the flash and the flame and the fever I need the most

The call of the wild Oh baby, can't you hear me calling Oooh... The call of the wild the call of the wild

If I could chain you to me I'd do it in a minute My magic caravan, baby you'd be in it I'm hiding the prize and you're gonna win it You're gonna win it now

The call of the wild Oh baby, can't you hear me calling Oooh The call of the wild Oooh The call of the wild Oooh Oh baby Listen to me howling

The call of the wild
