

Heartless Bastards, I Swallowed A Dragonfly

oh I want to go
to a place we've never been
be down for a while
while coming up to the surface

I swallowed a dragonfly
in the hopes that it would help me fly
and it did for just one day
and that day I saw everything

and I keep on moving forward
even when I'm down
and I keep on moving forward
all the time

and I keep on moving forward
all the time
and I keep on moving forward
even when I'm down

and I don't know
don't know what it is
that keeps me down
