

# Heather Myles, Homewrecker Blues

Here you're on one big honeymoon.  
May your new romance never lose it's bloom.  
I hear she's beautiful an' mesmerised by you.  
I'd like to know what she did I didn't do.  
Well, I hope your little homewrecker's crazy 'bout you.

Has she woke the sleepin' giant in you?  
Do you run when she bats here baby blues?  
Was she worth what you put the family through?  
I'd like to know what she did I didn't do.  
Well, I hope your little homewrecker's crazy 'bout you.

All these tears aren't mortal, only pride.  
All these years, I stood by your side.  
Thought we'd grow old together, me an' you.  
Well, I hope your little homewrecker's crazy 'bout you.

Instrumental break.

When all your fantasies come true.  
An' the new's worn off a-your bedroom.  
An' your Princess has got an attitude,  
An' she can't seem to keep you in the mood:  
Well, I hope your little homewrecker's crazy 'bout you.  
Yeah, I hope your little homewrecker's crazy 'bout you.
