

Heaven Ablaze, Heaven Ablaze

Infernal is thy wisdom
Heaven only one question
And hell is such a disposition
Uncertainty is consuming me...
And all I feel is solitude
Against all odds I am destitute
For one reason I have traveled far
It is of some ungodly virtue...

I have battled evil upon
The conquest for supremacy
Individual thought
A question of democracy
Torn between heaven and hell
Lacerated by sanctity
A decision for neither
Just the quest for purity...

Aggression upon anger
Is the nature of the beast
Damnation and destiny
All hell will be released
A blackened soul within
Exposed by unholy sin
Written within blood
Let the revelation begin...

Repent for your life
A life of repent
Repent to die
Dying for repent

Profaner
Malice by flesh and bone
Betrayed
Deny the holy throne

Profaner
Malice by flesh and bone
Betrayed
Deny the holy throne

And as we journey through life
Written upon stone
One questions his morals
And it judged by the unknown
And as we journey through darkness
Into the abode
Twisted and bounded
Rapture this unholy soul...
