

# Heaven Ablaze, Sworn Unholy

Lord of the plague and lunacy  
Evil calls upon thee  
Mother of abomination  
Guide thee with your will  
Elder gods of creation  
Lead thee into desolation  
Shrub Niggurath, goat of kings  
In your heart the fury sings

Forever more call unto thee  
Fill our hearts with blasphemy  
In our blood reigns supremacy  
Fill our souls with insanity

Sworn unholy  
Soar the winds of blasphemy  
Sworn unholy  
Reside in the wages of insanity

Sworn unholy  
Soar the winds of blasphemy  
Sworn unholy  
Reside in the wages of insanity

Blessed are we to receive  
The blood of immortality  
Upon the seas of profanity  
Ablaze the scriptures of infamy  
Queens of hell, oh serpentine gods  
Thy kiss shall be spawned  
Cthulu, malignant one  
Unholy verse will be sung

Forever more call unto thee  
Fill our hearts with blasphemy  
In our blood reigns supremacy  
Fill our souls with insanity

Sworn unholy  
Soar the winds of blasphemy  
Sworn unholy  
Reside in the wages of insanity

Sworn unholy  
Soar the winds of blasphemy  
Sworn unholy  
Reside in the wages of insanity

Standing against burning winds  
Unhallowed be thy name  
Fallen treasures from thy lord  
We shall claim and regain  
Consume our souls with this  
Scorched land  
Fallen angels take command  
Reciting the words of blasphemy  
Now we shall reign in lunacy

Sworn unholy  
Soar the winds of blasphemy  
Sworn unholy  
Reside in the wages of insanity

Sworn unholy  
Soar the winds of blasphemy  
Sworn unholy  
Reside in the wages of insanity
