

# Hedley, Daddy O

I let you down you saw we fall  
You laugh at mister know it all  
It's all you ask and all you are  
You wake me up you calm me down  
You wake me up you calm me down  
It's all you ask and all you are  
Find a way to cry  
But what if my tears don't dry  
It's so damn cold inside  
Everytime we close our eyes  
I made it up we got this far  
It's climbing up and down these stars  
It's all you ask and all you are  
You wake me up you calm me down  
You wake me up you calm me down  
It's all you ask and all you are  
Find a way to cry  
But what if my tears don't dry  
It's so damn cold inside  
Everytime we close our eyes  
Close our eyes  
I always wanted to be  
I always wanted to be  
I always wanted to be  
I always wanted to be  
Yeah, yeah  
Find a way to cry  
But what if my tears don't dry  
It's so damn cold inside  
Everytime we close our eyes  
Close our eyes  
Yeah, yeah  
Yeah, yeah
