

Hedley, Trip

Some say love is not for sinners
I believe that isn't true
Cause when I was finished sinning
Love came down and showed me you
And you told me how to get there
So I tried to find a way
Then I ran into your garden
But I tripped out the gate
I tripped out the gate

What are you doing to me?
I'm so into you
And the hardest part is knowing that I'll never follow through
You're slowly killing me
And I wish it wasn't true
Cause I'm so into you

Like a ton of bricks it hit me
And woke me from this dream
No matter how hard I tried to wash my hands
I could never get 'em clean
I could never get 'em clean

What are you doing to me?
I'm so into you
And the hardest part is knowing that I'll never follow through
You're slowly killing me
And I wish it wasn't true
Cause I'm so into you

Can you hear me?
Cause I can't change what I've always be

What are you doing to me?
I'm so into you
And the hardest part is knowing that I'll never follow through
You're slowly killing me
And I wish it wasn't true
Cause I'm so into you
I'm so into you
Cause I'm so into you
I'm so into you
