Heideroosjes, Mom And Dad Created A Monster

I am nothing, I'm just a piece of shit My clothes are different so you can see it The thoughts I have are not the same as yours Those ideas don't make my a loser without force

(CHORUS)

Mom and Dad created a monster The monster is me Mom and Dad created a monster I just count up to three Mom and Dad created a monster Please don't look at me Mom and Dad created a monster The monster is me

I am nothing, I'm a beast without sense Completely mad, out of my mind, so are my friends The way I walk divides me from the crowd Crowd full of hypocrites, don't know what they are about

I am nothing, because I don't wear a suit But if that's what you like, than you should It's more fun to feel fine yourself Than do things just to please somebody else

Mom and Dad created a monster, the monster is me
